Kindly follow the procedure given below to register and present paper in the Symposium.

(The registration fee includes a copy of the symposium proceedings that will be published as a volume of Acta Horticulturae.).

Kindly see the **simplified procedure** for submitting abstracts online - this is a part of the communication received from ISHS Secretariat that I am pasting here;

**"It is not allowed for a convener to upload abstracts on behalf of an author. For authors with difficulties to pay the ISHS membership fee online: apart from payment through credit card, we also accept payment through bank transfer. However, for payment through bank transfer the author should take into account that it will take at least one week before the ISHS membership will be activated. Moreover, important is that the following information is mentioned: name, full address, email address, and "payment abstract submission International Symposium on Succulents and Other Ornamentals". If the information is not complete, we won't be able to activate the membership. Please find attached the ISHS bank account information. Could you inform the native scientists and students about this please? I suggest that you also inform the native scientists and students that, after abstract submission through <http://www.actahort.org/members/symposiar?nr=597>, they will be able to register at the lower registration fee for ISHS members"**

Please visit <http://issorars.org/registration.html> for fee structure and payment of registration fee.
