

The background of the slide is a microscopic image of numerous green, rod-shaped bacteria, likely Bacillus subtilis, arranged in various orientations. The bacteria are illuminated from the side, creating a 3D effect with shadows and highlights. They are set against a dark, almost black background, which makes the green color stand out. The overall appearance is that of a dense culture of these microorganisms.

Training on Techniques and Application of Microbiology for Graduates

- April to May 2016
- 1 batch
- RARS, Ambalavayal, Wayanad
- Course Director – Dr. P. Rajendran
- Contact - 9447186158

Central Training Institute, DoE, KAU
