

Training programme in manufacture of ‘Value Added Products from Coconut wood’ from 10 -15 June, 2019 at Dept. of Forest Products & Utilization, College of Forestry.

A training programme in manufacture of value added products (furniture, interior decorative items, handicrafts, etc.) from Coconut wood will be conducted at the College of Forestry, Vellanikkara starting from 10 - 15th June, 2019. The training programme is being conducted as part of a Coconut Development Board (CDB) supported project titled “Training and Technology Demonstration Project for Making Value Added Products from Coconut Wood”. Candidates will be selected in consultation with the Kodungallur Coconut Producer Company Ltd. (KCPCL), Perinjanam, Thrissur and those sponsored by the CDB. There is no training fee for the programme. Trainees selected for the programme will be provided food and accommodation during the training. Certificates will be issued to the candidates who successfully complete the training. Candidates will not have any right to claim their job in the University after this training programme. Interested candidates can send in their application along with a Biodata to the Professor & Head, Department of Forest Products and Utilization, College of Forestry, KAU-580656 on or before 07.06.2019. For registration please call Phone : 0487 – 2438415 Mob-9946565545.
